

ch.innovazion.arionide.ui.animations.
HyperbolicSymmetryAlgorithm.compute

```
graph LR; A[ch.innovazion.arionide.ui.animations.  
HyperbolicSymmetryAlgorithm.compute] --> B[ch.innovazion.arionide.ui.animations.  
HyperbolicSymmetryAlgorithm.computeWithout  
VectorTranslation];
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box has a gray background and a black border, containing the text 'ch.innovazion.arionide.ui.animations.HyperbolicSymmetryAlgorithm.compute'. The right box has a white background and a black border, containing the text 'ch.innovazion.arionide.ui.animations.HyperbolicSymmetryAlgorithm.computeWithout VectorTranslation'. A blue arrow points from the right side of the left box to the left side of the right box.
